**Subject:** RE: Laysmall donation

Hi Bruce:

Sorry I've missed Noon basketball recently, my knee just has not responded to treatment. Hopefully it'll come around in the next week or so, I don't want to have surgery!  
Congratulations on your upcoming conference talk, that is quite an honor.

Anyway, the Laysmall gift is exciting news, as you know we decided that P-107, in Brumbaugh, would be a good option for the renovated meeting space. And that's fine if your protégé, the class treasurer, writes the preliminary report. We'll just need to make sure all the prices are verifiable (remember the problem we had a few years ago with the cameras?). The report should also contain a diagram or description of the proposed space, as well a detailed analysis of the loans (a loan payment table, and some summary of the total interest) is essential.

Oh, say hi to Linda and the kids.

Take care,  
Bo
